

BTHCC Classics Curriculum 2021

Paper 1: **Myth & Religion** (J199/11) – 50%
 Paper 2: **The Homeric World** (J199/21) – 50%

*In Classics we explore the mythology & material culture of the ancient Greek & Roman worlds.
 We understand humanity, appreciate culture, delve into literature & discover the origins of western civilisation.
 We recognise the human need for connection & explanation through the recurring themes of nature, power, love, death & religion.
 Though cultivating an appreciation of the ancient world & its people we learn more about our own time, and about ourselves.*
